THE PROGRAM OPTIONS

To carry out its academic mission South Georgia College has instituted degree options to meet the needs of the diverse clientele it serves. Students should select the option best suited to their personal and career interests. Each student is assigned an academic advisor to assist the student in the selection of both short and long-term career goals.

THE ASSOCIATE OF ARTS DEGREE (A.A.) AND THE ASSOCIATE OF SCIENCE DEGREE (A.S.)

These degrees consist of 60 semester credit hours plus four hours of health and physical education requirements. Students who pursue the Associate of Arts or Associate of Science degree are enrolled in transfer programs designed to lead to the bachelor's degree at a senior college or university. Specific options are spelled out in the pages which follow this section. Students who earn the Associate of Arts or the Associate of Science degree have fulfilled completely all Core Curriculum requirements (see page 76).

THE ASSOCIATE OF SCIENCE IN NURSING DEGREE (A.S.N.)

The Associate of Science in Nursing Degree consists of 70 semester hours plus two hours of physical education requirements. Students who complete this degree are eligible to apply to take the National Council Licensure Examination for Registered Nurses, successful completion of which entitles the nurse to practice nursing and to use the title Registered Nurse (R.N.).

ACADEMIC PROGRAM ORGANIZATION AND DIVISIONS

Whether it leads to the Associate of Arts or the Associate of Science degree, each degree option is divided into six areas: Essential Skills; Institutional Options; Humanities/Fine Arts; Science, Mathematics, and Technology; Social Sciences; and major courses. The Associate of Science in Nursing Degree include courses from similar areas. The College believes that requiring work in these areas provides a sound general education base for its students. The nature and number of hours required in these areas will vary according to the student's program of study.

ACADEMIC DIVISIONS

The College is organized by academic divisions. The present structure involves four divisions: The Division of Business and Social Sciences (Collins Hall and Powell Hall), The Division of Humanities and Learning Support (Davis Hall), The Division of Natural Sciences, Mathematics and Physical Education (Stubbs Hall and Wellness Center), and The Division of Nursing (Nursing Building). See campus map on page 13 for the locations of these various buildings.

BUSINESS AND SOCIAL SCIENCES

The instructional programs of the Division of Business and Social Sciences are based upon the belief that the quality of life is enhanced by the acquisition of knowledge about self, others, and career. To meet these objectives, the Division offers a variety of courses for academic transfer and career programs. Programs in the Division lead to the Associate of Arts degree or the Associate of Science degree. Toward these ends, the Division offers courses in history, political science, sociology, economics, business, and accounting, education, psychology and computer information systems.

The faculty is committed to providing a variety of opportunities for students to test their abilities and maximize their capabilities. In addition to attracting guest lecturers, providing individualized instruction, and offering course credit by examination, the Division encourages off-campus learning experiences such as college-community sponsored field trips and internships that can complement and supplement the traditional classroom activity. Students may also benefit from the use of learning laboratories designed for word processing, accounting, and computer information systems.

HUMANITIES AND LEARNING SUPPORT

The Division of Humanities and Learning Support offers the Associate of Arts degree. The philosophy of the Division of Humanities/Learning Support is that all students benefit from the broadest possible exposure to the great heritage of world civilization and culture. Thus, the Division offers courses in art, music, and theater appreciation; English composition; French and Spanish; speech communications; world literature; American and British literature, philosophy and humanities. The Division also offers courses in practical work in journalism and creative writing. All learning support programs are housed in the Division. The Regents' Testing Program and the Study Abroad Program are also administered by the Division.

NATURAL SCIENCES, MATHEMATICS, AND PHYSICAL EDUCATION

The Division of Natural Sciences, Mathematics, and Physical Education offers Associate of Science degree programs in biology, chemistry, computer science, mathematics/pre-engineering, physics/pre-engineering, pre-allied health, and recreation. Completion of an approved program prepares the student for transfer to a four-year college or university. In addition, science and mathematics courses help non-science majors develop the background necessary to make informed choices on many issues affecting modern societies. Health and physical education courses help students to develop the knowledge and skills necessary to maintain a healthy mind and body.

Small classes and laboratories enable the faculty to provide a student-centered classroom environment. The Division maintains a learning center equipped with multimedia resources to augment classroom instruction. These range from videotapes to supplement classes taught on campus to self-instructional computer modules. The learning center is open for student use five days and one evening each week. Physical education and health classes are taught in the Wellness Center, which is equipped with modern facilities including an indoor swimming pool, weight room, and aerobic equipment. All students have access to and are encouraged to use the Wellness Center facilities.

NURSING

The Division of Nursing offers the Associate of Science in Nursing degree. The Division of Nursing is fully accredited and is a member agency of the National League for Nursing. The nursing program is also approved by the Georgia Board of Nursing. Graduates are eligible to apply to take the National Council Licensure Examination for Registered Nurses, successful completion of which entitles the nurse to practice nursing and to use the title Registered Nurse (R.N.).

THE CORE CURRICULUM

In accord with the policies of the Board of Regents of the University System of Georgia, the College has established a Core Curriculum which offers students a broad general education covering essential skills; institutional options; humanities/fine arts; science, mathematics, and technology; and the social sciences. In addition, students are given the opportunity to begin study in a selected major area of concentration. The Core Curriculum was established to provide the same general education for students throughout the system of public higher education in Georgia and to facilitate transfer between the various units of the University System of Georgia. Courses in the Core Curriculum apply to the freshman and sophomore years, and successfully completed Core areas will transfer with full credit to any other University System of Georgia institution. Students who earn the Associate of Arts degree or Associate of Science degree will have fully completed Core requirements. To complete all Core Curriculum requirements, the student must complete 60 semester credit hours as follows:

AREA A: Essential Skills	9
AREA B: Institutional Options	4-5
AREA C: Humanities/Fine Arts	6
AREA D: Science, Mathematics, and Technology	10-11
AREA E: Social Sciences	12
AREA F: Courses Related to the Program of Study	18
	<hr/>
TOTAL:	60

It is the student's responsibility to discuss academic plans and desired course selections thoroughly with his or her assigned faculty advisor in order to determine exactly which courses should be taken. All students are to consult with their faculty advisor in planning their course selections prior to registration for each semester. The various academic programs appropriate to the different major fields have been approved for University System institutions and should be followed if the student plans to transfer to a senior college or university within the University System of Georgia. Students who change their major may have to complete additional hours of coursework beyond those required for completion of the program. A student who experiences difficulties in transferring credit to a University System of Georgia institution should contact the transfer ombudsperson at that institution or at South Georgia College. The transfer ombudsperson at South Georgia College is the Director of Admissions and Records.

Students who plan to transfer to a college or university other than a University System institution should refer to the catalog of the senior college to which they intend to transfer. In some of the major academic areas, certain courses may not be taught at this institution. Again, students are urged to consult with their assigned faculty advisor to determine the extent of the applicable course offerings at South Georgia College.

THE SOUTH GEORGIA COLLEGE QUALITY ENHANCEMENT PLAN (QEP)

Information on the South Georgia College Quality Enhancement Plan (QEP), "Critical Thinking through the WRITE Plan: Writing and Reasoning to Improve Thinking Effectiveness", may be viewed at [QEP](#).

ASSOCIATE OF SCIENCE: BIOLOGY

Students who complete this program are prepared to pursue the bachelor's degree in biology or a related field at a senior college or university. Biologists are concerned with living organisms and the relationship between organisms and their environment. Most careers in biology require graduate study in a life science area. Many optometrists, veterinarians, and medical doctors major in biology. Other career opportunities include work in botany, agronomy, animal science, ecology, toxicology, pathology, physiology, and biological oceanography. Academic advisement for this program is provided by the Division of Natural Sciences and Mathematics.

ASSOCIATE OF SCIENCE: CHEMISTRY

Students who complete this program are prepared to pursue the bachelor's degree in chemistry or a related field at a senior college or university. Chemists search for new knowledge about substances and for ways to put that knowledge to practical use. They work in research, manufacturing processes, quality control, marketing, and chemical sales. As with biology, many medical doctors, veterinarians, and pharmacists major in chemistry. Other career opportunities include science education and fields related to environmental concerns. Academic advisement for this program is provided by the Division of Natural Sciences and Mathematics.

ASSOCIATE OF SCIENCE: COMPUTER SCIENCE

Students who complete this program are prepared to pursue the bachelor's degree in computer science or a related field at a senior college or university. Computer scientists develop programs and systems to process vast quantities of information rapidly and accurately. Many systems analysts and programmers major in computer science. Other career possibilities may be found in areas such as computer aided design; computer aided manufacturing, computer criminology, the architecture and development of computer components, and robotics. Academic advisement for this program is provided by the Division of Natural Sciences and Mathematics.

ADMISSION REQUIREMENTS INTO EDUCATOR PREPARATION PROGRAMS

To be admitted into an undergraduate educator preparation program within the University System of Georgia:

1. Students must earn a minimum cumulative GPA of 2.5 on all attempted hours in the System core curriculum in areas A-F, as required for teacher preparation.
2. Students must have completed the Regents' Testing Program requirements.
3. Students must have a passing score on the GACE basic skills assessment test. (SAT score of 1000 or higher will exempt one from the GACE basic skills assessment test).

ASSOCIATE OF SCIENCE: INFORMATION TECHNOLOGY

Students who complete this program are prepared to pursue the Bachelor's of Science degree in Information Technology at any senior institution in the University System of Georgia. This program is directed towards meeting the needs of customers and users of Information Technology within organizations and societies via the designation, application, development, and integration of technologies within the computing arena.

AREA A – Essential Skills

ENGL 1101	3
ENGL 1102	3
MATH 1113	<u>3</u>
	9 hours

AREA B – Institutional options

CISY 1100 and/or 1101 or any higher CISY course	1-2
COMM 1110	<u>3</u>
	4-5 hours

AREA C – Humanities/Fine Arts

ENGL 2111, 21112, 2120, or 2130	3
ARTS 2205; ENGL 2111, 21112, 2120, 2130; HUMI 2221; MUSI 1100; PHIL 1104; or THEA 1100	<u>3</u>
	6 hours

AREA D – Science, Mathematics, Technology

BIOL 1107 K/1108 K; CHEM 1211K/1212K; PHYS 1111K/ 1112K; PHYS 2211K/2212K	4
ASTR 1010/1010L, 1020/1020L; BIOL 1107K, 1108K, 2000/2000L; CHEM 1211K, 1212K; PHSC1011/1011L; PHYS 1111K, 1112K; SCIE 1111/1111L, or 1121/1121L.....	3-4
One additional approved math or science core curriculum course	<u>3-4</u>
	10-11 hours

AREA E – Social Sciences

HIST 2112	3
POLS 1101	3
Select two courses from: ECON 2105; HIST 1111, 2100, 2111, 2220; POLS 2100, 2401, PSYC 1101, 2101; SOCI 1101, 1160.....	<u>6</u>
	12 hours

AREA F – Courses Related to the Program of Study

CISY 2210.....	3
CSCI 1301	3
MATH 2280	3
WBIT 2000 (The Enterprise and IT)	3
WBIT 2300 (Discrete Math for IT).....	3
WBIT 2311 (Programming and Problem Solving II)	<u>3</u>
	18 hours

Physical Education Requirements

HLTH 1103	2
Physical Education	<u>2</u>
	4 hours

TOTAL	64 hours
--------------	-----------------

ASSOCIATE OF SCIENCE: MATHEMATICS OR PRE-ENGINEERING

Students who complete this program are prepared to pursue the bachelor's degree in mathematics, engineering, or a related field at a senior college or university. Theoretical mathematicians develop new principles and new relationships between existing principles of mathematics. Applied mathematicians develop mathematical approaches to solve practical problems in business, government, engineering, and the sciences. Related career opportunities include education, actuarial science, operations research, and statistics. Academic advisement for this program is provided by the Division of Natural Sciences and Mathematics.

AREA A - Essential Skills

ENGL 1101	3
ENGL 1102	3
MATH 1113	<u>3</u>
	9 hours

AREA B - Institutional Options

CISY 1100 and 1101 or any higher CISY course	2
COMM 1110	<u>3</u>
	5 hours

AREA C - Humanities/Fine Arts

ENGL 2111, 2112, 2120, or 2130	3
ARTS 2205; ENGL 2111, 2112, 2120, 2130; HUMI 2221; MUSI 1100; PHIL 1104; THEA 1100; or any three hour credit foreign language	<u>3</u>
	6 hours

AREA D - Science, Mathematics, Technology

BIOL 1107K/1108K; or CHEM 1211K/1212K	8
MATH 2253 or one approved science or computer science course	<u>4</u>
	10 hours*

AREA E - Social Sciences

HIST 2112	3
POLS 1101	3
Select two courses from: ECON 2105; HIST 1111, 1112, 2100, 2111, 2200, 2220; POLS 2100, 2200, 2401; PSYC 1101, 2101; or SOCI 1101, 1160, 2293.....	<u>6</u>
	12 hours

AREA F - Courses Related to the Program of Study

MATH 2253 or MATH 2254	4
MATH 2254 or MATH 2255	4
PHYS 1111K/1112K or PHYS 2211K/2212K.....	8
Two excess hours from Area D.....	<u>2</u>
	18 hours

Physical Education Requirements

HLTH 1103	2
Physical Education	<u>2</u>
	4 hours

TOTAL 64 hours

*The eleventh and twelfth hours appear in Area F.

ASSOCIATE OF SCIENCE: PHYSICS OR PRE-ENGINEERING

Students who complete this program are prepared to pursue the bachelor's degree in physics, engineering, or a related field at a senior college or university. Physicists use systematic observation and experimentation to investigate the structure of the universe and the interaction of matter and energy. Career opportunities include education, research, and product development. Engineers develop practical applications for scientific discoveries. Many career opportunities are found in subspecialties such as aerospace, chemical, civil, electrical, industrial, mechanical, mining, nuclear, and petroleum engineering. Academic advisement for this program is provided by the Division of Natural Sciences and Mathematics.

AREA A - Essential Skills

ENGL 1101	3
ENGL 1102	3
MATH 1113	<u>3</u>
	9 hours

AREA B - Institutional Options

CISY 1100 and 1101 or any higher CISY course	2
COMM 1110	<u>3</u>

ASSOCIATE OF SCIENCE: PRE-ALLIED HEALTH

Students who complete this program are prepared to pursue the bachelor's degree in health related fields at a senior college or university. Career opportunities are numerous and include dental hygiene, medical records administration, medical technology, nursing, occupational therapy, physical therapy, and sonography. Students enrolled in this program must work with an advisor to correlate their work at SGC with that required by the senior college or university to which they plan to transfer. Academic advisement for this program is provided by the Division of Natural Sciences and Mathematics.

AREA A - Essential Skills

ENGL 1101	3
ENGL 1102	3
MATH 1111 or MATH 1113	<u>3</u>
	9 hours

AREA B - Institutional Options

CISY 1100 and 1101 or any higher CISY course	2
COMM 1110	<u>3</u>
	5 hours

AREA C - Humanities/Fine Arts

ENGL 2111, 2112, 2120, or 2130	3
ARTS 2205; ENGL 2111, 2112, 2120, 2130; HUMI 2221; MUSI 1100; PHIL 1104; THEA 1100; or any three hour credit foreign language	<u>3</u>
	6 hours

AREA D - Science, Mathematics, Technology

BIOL 1107K/1108K; CHEM 1211K/1212K; or PHYS 1111K/1112K	8
One approved math, science, or computer science course	<u>3-4</u>
	10 hours*

AREA E - Social Sciences

HIST 2112	3
POLS 1101	3
Select two courses from: ECON 2105; HIST 1111, 1112, 2100, 2111, 2200, 2220; POLS 2100, 2200, 2401; PSYC 1101, 2101; or SOCI 1101, 1160, 2293	<u>6</u>
	12 hours

AREA F - Courses Related to the Program of Study

Select zero to four courses from: BIOL 1107K, 1108K, 2210K, 2211K, 2215K; CHEM 1211K, 1212K, 2240K, 2241K	0-16
Select zero to two courses from: ASTR 1010/1010L, ASTR 1020/1020L, BIOL 2000/ 2000L, PHSC 1011/1011L; PHYS 1111K, 1112K	0-8
Select zero to three courses from: PSYC 1101, 2103; SOCI 1101, 1160; MATH 2280	0-9
One or two excess hours from Area D	<u>1-2</u>
	18 hours

Physical Education Requirements

HLTH 1103	2
Physical Education	<u>2</u>
	4 hours

TOTAL 64 hours

*Eleventh and twelfth hours taken in Area D appear in Area F.

ASSOCIATE OF SCIENCE: RECREATION

Students who earn this degree are prepared to pursue the bachelor's degree in recreation at a senior college or university. Academic advisement for this program is provided by the Division of Health, Physical Education, and Recreation.

AREA A - Essential Skills

ENGL 1101	3
ENGL 1102	3
MATH 1111 or MATH 1001	<u>3</u>
	9 hours

AREA B - Institutional Options

CISY 1100 or any higher CISY course	1
COMM 1110	<u>3</u>
	4 hours

AREA C - Humanities/Fine Arts

ENGL 2111, 2112, 2120, or 2130	3
Select one course from:	
ENGL 2111, 2112, 2120, 2130; HUMI 2221; PHIL 1104; THEA 1100; or any three hour credit foreign language	<u>3</u>
	6 hours
